OBJECTIVE

Obtain a computer engineering internship for summer 2023 to build upon self-attained skills and contribute impactful work towards the pursuit of a tech company.

EDUCATION

B.S. Computer Engineering, Entrepreneurship Minor • Anticipated May 2025 • Iowa State University • 3.79 GPA
University Honors Program, Dean's List: 2021-2022

EXPERIENCE

Co-founder, Chief Operating Officer • Casmium, LLC, West Des Moines, IA • Feb 2020 – Present

- **CYstarters Business Accelerator • ISU Pappajohn Center for Entrepreneurship, Ames, IA • Summer 2022**
- **Baseball Analytics Software-as-a-Service:** Combined entrepreneurial visions, software engineering, team management, and other fundamental business operations to pursue an innovative business venture
- Conducted customer discovery interviews to understand the industry problem, current market solutions, and what ideal customers are looking for in a solution
- Determined value proposition and go-to-market strategy based on beta testing feedback
- Managed software development backlogs, sprints, and issues to ensure productivity and on-time completion
- Gained helpful insight from mentors and learned valuable lessons by making mistakes to shape future processes and goals

Code Sensei (Teaching Assistant) • Code Ninjas, Clive, IA • July 2018 - August 2021

- Taught kids ages 7-14 how to create their own video games using various computer languages to expose kids to computer science, STEM, and problem-solving
- Learned early childhood and peer leadership through facilitating summer STEM camps and open houses for parents and kids
- Improved presentation and explanation skills through 1-on-1 or classroom instruction of concepts with kids

SKILLS

Programming Languages: JavaScript (React, React Native), HTML/CSS (Bootstrap), Java, Python, C, Verilog
Other Technologies: Git, GitHub, Figma, Google Cloud Platform, JetBrains IDEs, Adobe Creative Cloud, MS Office

ACTIVITIES

Iowa State University Cyclone Football 'Varsity' Marching Band • August 2021 – Present

- **Varsity Drumline, GROOVE Drumline Club:** Collaborated with fellow musicians to perform a unified marching routine and musical pieces
- Developed a well-rounded approach to problem-solving, utilizing fine arts and other aspects of the brain

Okoboji Entrepreneurial Institute, Okoboji, IA • Accepted, Class of 2022

- Networked with 30 other aspiring Iowa entrepreneurial students and many successful Iowa business owners for one week in the summer in the Iowa Lakes region
- **1st Place Pitch Competition Winner**, Pre-revenue Division

ISU Fall Startup Pitch Competition • 1st Place Winner • September 2021

- Designed and presented a two-person, 90-second team pitch illustrating an innovative business idea
- Competed against 15 other individuals or teams with unique business ideas

Worship Team, Drums • Lutheran Church of Hope • December 2016 – Present

- Collaborated with fellow musicians to perform a contemporary worship set to lead the congregation in praise and contribute to the mission of growing the church
- Volunteered during Wednesday nights for students and weekends for regular services

***FIRST* Robotics Competition • Team ICE 6419 • August 2017 - May 2021 • iowaice.org**

- Utilized autonomous movement algorithms, object detection, and projectile launching to accomplish the goals of each season's unique competition game
- Managed the team website as a marketing tool to reach students wishing to be a part of a robotics team
